11th July 2017

Dear Year 6 Parents/Carers,

Year 6 SATs results

It was intended that your child's SATs scores were sent home today. However, due to the school having spotted a mistake in the data and contacting Capita, the company that provides our scores/scaled scores, we have decided to wait until this issue has been successfully resolved. The issue centres on the conversion from a raw score to a scaled score. This is not something that the school has any control over, and Capita have acknowledged that it is something they need to look into as it may affect many other schools as well as ours.

We would prefer to give Capita the time to update the faulty formula and give you accurate results, rather than sending out incorrect information only to have to corrected it a few days later.

I can appreciate that the wait for some is a frustrating one. We share the same frustration. We were hoping to receive notification that the issue had been resolved in time to get the results to you today but unfortunately this has not been possible. We are waiting to hear whether the issue will have been corrected in order to send the results out to you tomorrow.

Thank you for your continued patience in this matter.

Best regards.

Yours sincerely,

Dan Western
